## Pre-Tertiary Mentoring Program

The Pre-Tertiary Mentoring Program provides **free** mentoring to young people who wish to excel in their HSC or IB studies, plan their University and future pathways as well as improve study and time management skills.

### Program Details

Students will receive 15 mentoring sessions (15-30 minutes each) over a 15 week period commencing in May 2022. Mentoring will be delivered in a hybrid model (Zoom and/or in-person) depending on the location of the mentee. Topics explored in these sessions will include:

- HSC/IB study skills and exam techniques
- Time management and other life skills
- University degree information and consultation
- Help finding the right scholarships and bursaries

### Our Mentors

Mentors are all current university students who have achieved terrific results in their HSC or IB (some even state ranked!). They have also gone through rigorous training and selection process to become Pre-Tertiary Mentors. Having experienced the unique challenges Year 12 and post-high school life bring, our mentors are best equipped to assist Year 12 students through their HSC or IB journey, future planning as well as the transition from high school to tertiary education.

### Who Are We Looking For?

We are seeking motivated, enthusiastic and driven current Year 12 students who wish to receive guidance and expert advice from current university students. Applicants must be willing and available to commit to the entire Program delivery period (15 weeks).

### Application Process

All interested Year 12 students are invited to express their interest by emailing [communications.manager@standrewscollege.edu.au](mailto:communications.manager@standrewscollege.edu.au)

Successful applicants will be paired up with a mentor who has similar academic interest and/or availability. If desired, mentoring may take place in person at St Andrew's College within the University of Sydney.

### Contact

Any enquiries relating to the Program should be directed to the Marketing & Communications Manager at [communications.manager@standrewscollege.edu.au](mailto:communications.manager@standrewscollege.edu.au)
