# Principal's Welcome

Welcome to St Andrew's College.

St Andrew's College exists as a close-knit community of high-potential students. Every student brings their own contribution to the College and each cohort brings a unique set of skills and talents that make the community what it is at any moment in time.

We are known as a welcoming and inclusive community. When our students don the college colours (and face paint!) to support one of our sports teams, it's a microcosm of the mutual support and encouragement that exists in all facets of College life. At St Andrew's there is a remarkable camaraderie and a commitment to support each other in every field of endeavour. I know you'll play your part in sustaining this culture by supporting your college mates in Rawson, Rosebowl and Palladian competitions, as well as in academic and social contexts.

The friendships that form here become ties that bind us for life, and help to form a valued and enduring community of Androvians. That sense of belonging, of making lifelong bonds in this community where friendship and fun are never far away, is a recurring theme for our current students and our alumni.

An ability to thrive and succeed in the context of the University's academic expectations is of great importance when we select students for each new intake. Each year we celebrate those Androvians who appear on the University Honour Roll, including University medallists and recipients of academic merit prizes and awards. Students who obtain High Distinction annual averages receive the College's much-coveted Thistle award – bronze, silver and gold respectively on the first, second and third time they achieve the feat. The St Andrew's College Medal is awarded to the student with the highest marks over three full years of study. The many students who continually achieve excellent grades are to be commended, and high academic achievement is demonstrated across a broad range of academic study and disciplines.

At St Andrew's, we have always been – and will remain – committed to providing students with educational opportunities that enrich their lives. These include a comprehensive tutorial program, short courses in leadership and other skills, professional development seminars, speaker events, a community living program and other initiatives which provide our students with the capacity to think critically and solve some of the big problems facing society.

St Andrew's students are also high achievers on the sporting field and in the creative arts. We have a proud record of achievement in the intercollegiate competitions and we look forward to continuing those successes.

St Andrew's seeks to educate, challenge and develop each of our students to lead lives of contribution and meaning. We anticipate an exciting year ahead.

I wish you every success and happiness in 2026.

Warmest regards,

Dr Daniel Tyler

Principal, St Andrew's College

# *College Life*

# St Andrew's College

## About

St Andrew's College provides an outstanding university college experience, supporting the development of the whole person in community, and preparing students to lead fulfilling lives of purpose.

St Andrew's College was founded in 1867 in the Scottish Presbyterian tradition to provide students from all backgrounds with a residential community for personal, academic, and spiritual development. Today, the inheritance of the Scottish Enlightenment runs deep in the College, not only in the traditions and the stained glass, but in the spirit of free intellectual inquiry and the pursuit of artistic and intellectual achievement.

## Scholarships

St Andrew's College seeks to attract and retain a diverse cohort of high-potential students. Our scholarship program, awarding over \$2 million in scholarships each year, is central to this commitment.

### Scholarships

#### **Scholarships (Means-tested)**

Over 50 scholarships, given through philanthropic support, are available to students with demonstrated financial need who could not attend College without scholarship assistance.

#### **Major Music Scholarships**

Two part-fee scholarships are available to highly talented musicians, following a successful audition.

#### **Creative Arts Scholarships**

A range of scholarships (usually approx. \$2,000) are available to students for contributions to the College in the creative and performing arts.

#### **All-Round Merit Scholarships (Returning Students)**

Up to ten scholarships, worth at least \$5,000 in fee relief, are given to returning students based on merit and contributions to the College. No separate application is needed.

#### **Senior Scholars (Third Years and Above)**

These scholarships, providing up to \$10,000 in fee relief, support students entering their third year and above to develop and deliver a project that will contribute to the St Andrew's College community.

#### **Academic Prize Scholarships**

Prize scholarships are awarded for academic achievement, based on university results. The scholarships, available only to returning students, are automatically awarded based on performance and require no separate application.

---

### **Leadership Awards (Returning Students)**

---

Three scholarships are awarded to returning students in recognition of their contribution to the College in student leadership roles.

---

### **St Andrew's Project Grants**

---

Five grants of up to \$2,000 are available throughout the year to contribute to activities and experiences that will enrich a student's personal development. By application to the Vice-Principal.

---

### **Elite Athlete Scholarships**

---

Scholarships matching the amount provided by the Elite Athlete Program at the University of Sydney.

---

### **First Nations**

---

Bursaries of \$5,000 are offered to eligible First Nations students.

---

Four scholarships of \$5,000 provided by the Alumni Society are available to students based on contributions to the College.

## **Scholarships for New Students only**

### **St Andrew's Scholars**

Full fee-relief scholarships are available to outstanding students who will thrive academically and have the potential to make a significant positive contribution to the College and, in the future, the wider community. Up to three per year, for three years.

---

### **Gadigal Scholarships**

---

Full fee-relief scholarships are available to eligible First Nations students for three years.

---

### **St Andrew's x MySydney Residential Scholarships**

---

Three scholarships, worth approximately 75% of fees, are available to MySydney Scholars (at the University of Sydney) for residence at College.

---

Scholarships are awarded for one year only in the first instance, unless otherwise specified (e.g. St Andrew's Scholars and Gadigal Scholars).

Although St Andrew's has one of the most extensive scholarship offerings among colleges in Australia, there is a finite number of scholarships available. They will be allocated according to merit, contribution, and financial need. Not all deserving students are guaranteed to receive a scholarship. The level of financial support available from the College may vary from year to year for any given student.

All scholarships are paid as fee-relief and are valid only while a student is a current member of the College.

Those applying for financial assistance will be required to submit a financial assistance form to the Registrar in October for the next academic year.

# Non-Residential Program

St Andrew's College offers a non-residential program for students who wish to be part of the St Andrew's College community, without living here.

Non-residential members are full members of the community. They have access to academic support, to professional development and mentoring programs and to social events. They may have breakfast, lunch and dinner at College.

New and returning students may apply for non-residential membership of the College.

# College Policies & Procedures

St Andrew's College seeks to support its members through their transition to adulthood with a breadth of intellectual, spiritual, cultural and social experiences. Rather than creating policy grounded in punitive measures, these policies aim to empower College Members by focusing on wellbeing and encouraging members to think critically, make informed choices and to hold themselves and others accountable for their actions. The implementation of these policies seeks to assist College members to always engage in respectful relationships, to actively seek informed consent and ethically negotiate all relationships and interactions.

## Policy Portal

## Response Matrix

The [Response Matrix](#) sets out the recommended response, contact person and possible consequences for a range of situations in line with our community's expectations and appropriate policies and procedures. The Response Matrix is available to be viewed on the St Andrew's College Intranet.

## SECTION 2

# *Education Department*

# Education Programs

St Andrew's College offers one of the most extensive education programs of all the university colleges in Australia. These programs are intended to supplement, support, and enhance your undergraduate study. All College members are encouraged to take part and utilise the educational offerings including the tutorial program, faculty events, language courses, and short courses.

College members are also encouraged to engage with our program of visiting speakers and research events. These activities are advertised throughout each semester and upcoming events will be posted on the education notice board in the corridor outside the Senior Common Room (SCR).

## Academic Check-Ins

All College students have a 10-minute meeting with their Head of Faculty at the beginning of each academic year to reflect on the past year and establish academic goals and learning strategies for the coming semester with the support of an experienced mentor. First-years have an additional check-in at the beginning of their second semester. All students are expected to attend academic check-ins and should book them with the relevant Faculty Head before Week One of the semester.

## Tutorial Program

The College runs an expansive tutorial program. Our Faculty Heads and College Tutors are all specialists in their fields and conduct tutorials in most university subjects studied by our students. Tutorials support and extend students' studies by providing a small-group context for active thinking, discussion, and learning. They provide a subject cohort for each student and are intended to extend students beyond the university course content.

Enrolment in the tutorial program takes place at the start of each semester, with registrations due by the end of Welcome Week. Once enrolled, they should commit to attending the tutorials they have signed up for. If a student is unable to attend a tutorial in which they are enrolled, it is imperative to give the tutor at least 24 hours' notice. Further tutorials will be cancelled if no students attend for two consecutive weeks without giving adequate notice.

## Academic Support Program

The College requires students to maintain a 65-point credit average in their studies. Students who fall short of this standard will be required, in the subsequent semester, to participate in the Academic Support Program, designed to give students the best opportunity to fulfil the College requirement and achieve their academic potential. The program gives students a more extended opportunity to reflect on their educational goals and learning strategies, and to receive additional support from an academic mentor. Full details of the policy can be found on the [College website](#).

## Language Courses

All College students are invited to enrol in the College's language courses. We offer courses in a range of languages and for a range of proficiency levels. Our beginner courses run for 10 weeks and begin in week 2. Students who regularly attend will receive a certificate of completion at the end of the course. Languages on offer in 2026 include: AUSLAN, Chinese, French, German, Italian, Spanish, Korean.

## Faculty Events

Our faculty events have been developed to unite each faculty cohort and provide invaluable insight and training specific to their discipline. These events include faculty dinners, guest speakers, and faculty-specific workshops, which will be advertised throughout the course of the year.

## Short Courses

We offer a range of high-quality short courses covering areas that employers are increasingly looking for. Courses run during semester (1hr/week for 6 weeks), and intensively over a single week during the winter break. They are run by leading industry professionals and in recent years have covered topics including leadership, problem solving, critical thinking, and negotiations. Students are expected to attend all sessions of a short course, though exceptions can be made for extenuating circumstances. Those who attend a full course, and complete any requirements, will be awarded a digital badge and certificate.

Students who complete at least four short courses are eligible for the St Andrew's Certificate in Leadership.

## Professional Development

In keeping with our commitment to education, St Andrew's College curates a range of professional development activities to support students during their university years and in the transition to post-study employment. These opportunities are designed to provide skills, contacts, and opportunities to enhance career prospects – no matter the industry.

All College members are encouraged to take part and utilise the College's professional development opportunities. These include a mentorship program (which pairs current students with Drew's alumni), professional development workshops, information evenings with industry professionals, and internships.

Further information on specific events and opportunities will be advertised throughout the year.

Queries regarding the education or professional development program may be directed to the Education Department.

## SECTION 3

# *Student Life Programs*

# Wellbeing

At St Andrew's, we care about your wellbeing. Whether through peer assistance or professional support, our commitment is to be there for you. We take a holistic approach to students' wellbeing, acknowledging that so many factors contribute to it – provision of meals, quality of rooms, our facilities, and social opportunities in the Junior Common Room, Senior Common Room, and Intercollegiate Activities.

## Counselling

The College offers confidential counselling sessions through our professionally trained and qualified in-house Counsellor as well as guidance and support for accessing external services.

## Pastoral Care Leaders

The Pastoral Care Leaders' (PCLs) role is a student leadership position appointed by the College. PCLs are older students who provide peer support, which is highly valued in our collegiate environment. All PCLs are responsible for providing day-to-day wellbeing peer support to the student community, particularly in the form of referrals for professional support, College support, and university/external resources. Additionally, PCLs are required to complete specific wellbeing and community-building initiatives as determined by their appointed officer or portfolio role.

## Wellbeing Workshops & Check-Ins

Throughout the year, the College offers in-house workshops and partners with external organisations to provide students with fun and educational sessions. Additionally, the College offers check-in opportunities for all students throughout the year as a way to reflect on and address any current or emerging wellbeing issue.

## Chaplain

The College offers themed Chapel services and chaplaincy support for any students who wish to access it.

## No Wrong Door

The College recognises that we are all unique. Hence, we encourage students to reach out for support in the way that feels best for them. There is never a wrong door at St Andrew's.

The No Wrong Door approach means that if you have any enquiries you can contact anyone in the College community who you feel comfortable talking to. To support the No Wrong Door approach, all staff, pastoral care leaders, House Committee members and student mentors have completed physical and mental health first responder training.

# Community Living Program

St Andrew's College is committed to providing a safe and inclusive environment for all College members.

Each year we run a mandatory Community Living Program for the incoming first-year cohort. It is designed to support students' transition into living and learning in a community of adults

Students are required to register and complete ALL five modules: Respect@Sydney, Healthy Relationships, Drug & Alcohol Education, Ally Training and LGBTQIA+ Inclusivity & Cultural Competence.

The University of Sydney's policy is that the Respect@Sydney module must be completed at the beginning of the year. This also applies to non-University of Sydney students.

**Students who do not complete the Community Living Program by the end of Semester 2 will not be invited to return to College.**

Information and session times for the Community Living Modules can be found in the Fresher Welcome Pack and is also available on the [Student Intranet](#).

Please ensure you book early for your chosen session date and time as group numbers are capped for each session.

If you are unable to attend any sessions, please the Student Life Assistant: [student.life.assistant@standrewscollege.edu.au](mailto:student.life.assistant@standrewscollege.edu.au) to discuss alternative arrangements.

# Student Leadership Programs & Training

## Leadership Program & Training

Leadership is in our DNA at St Andrew's College. As such, we provide a Leadership Program designed to effectively educate students across a breadth of topics with the goal of developing ethical, inclusive, and transformative leaders not just here at College, but for life.

To be considered for a Leadership role, including House Committee, Pastoral Care Leader, or Welcome Week Mentor at the College the following year, students need to achieve a minimum of eight 'Leadership Points' by attending a combination of sessions.

We engage a range of providers, as well as leveraging the expertise of our College staff to provide an interesting and diverse range of workshops and seminars across the academic year.

## Student Leader Training

For those students elected and selected for formal leadership roles within the college, including House Committee, Pastoral Care Leader, and Welcome Week Mentor, a comprehensive mandatory training program is provided. Across two intensive training retreats held in November and February each year, incoming leaders are educated on core competencies to help set them up to achieve success in their roles here at St Andrew's, and in their future endeavours.

We engage leading external organisations and experts such as Elephant Ed, Alcohol and Drug Education Specialists (ADES), Consent Labs, Fullstop, CPR Sydney, Mirri Mirri, and the University of Sydney, to deliver training and workshops.

These sessions are an interactive blend of strengthening leadership understanding, essential core competency and skills training, scenario and role-play-based learning, and thought-provoking discussion and reflection to prepare students for the leadership journey they will embark upon across the academic year.

## SECTION 4

# *Students' Club*

# Governance and Activities

St Andrew's College Students' Club is the representative body for our undergraduate residents, running a range of Junior Common Room (JCR) events and activities through a number of sub-committees, all overseen by the elected House Committee.

## History

The history of our Students' Club dates back as far as 1896. Sometime after 1902, a Student's Club constitution was adopted in which the students undertook the duty of controlling the students' JCR, recreation, social life and sport.

By 1906 the Students' Club was in full operation, with annual elections for Senior Student, Secretary, Treasurer, and year representatives. By 1910, the House Committee included nine members, and sub-committees began to form to organise various Students' Club activities, in a manner similar to today.

## Students' Club JCR Events, Activities & Societies

Members of the House Committee are each responsible for a portfolio of Students' Club activities and have relevant sub-committees reporting to them. Sub-committees are groups of students who work together to organise an event or service for all other students to participate. All members are expected to contribute in some way to the life of the College and reap a rich experience in return.

There are more than 70 student sub-committees at St Andrew's College, ensuring there is something for every student. Some of the sub-committees include:

- St Andrew's College Formal sub-committee
- Merchandise sub-committee
- The Drama Society (DramSoc)
- Mothers' and Fathers' Day Dinner sub-committee
- Social Sport sub-committee
- Sustainability sub-committee
- Community Service sub-committee

Students' Club levies are set and collected by the students. Membership is a condition of continued residence in College and applies to both residential and non-residential students.

All funds are used to support the diverse activities and functions which the Club hosts throughout the year.

## Students' Club Membership Fees

St Andrew's College Students' Club Annual Membership	\$575
'Welcome Week' fee (first year students only)	\$200
Academic Gown	\$135
Drew's Jersey	\$85
Formal Ticket (can be purchased in advance)	\$175

## House Committee

The appointment of the Students' Club representative body and voice, the House Committee, is a democratic decision. Students are elected by students, for the students, at the end of the preceding academic year.

In October 2025, the Students' Club held its annual elections to determine the 2026 House Committee. This is the 122<sup>nd</sup> year in which the College has hosted a Students' Club election.

Previously, individuals were elected for specific positions, but in 2018, the election process changed, whereby, with the exception of the Executive (Senior Student, Honorary Secretary, and Honorary Treasurer), students are voted onto the House Committee and then placed into roles in consultation with their fellow House Committee members. The elections are split to represent a gender balance.

## SECTION 5

# *Advancement Department*

# Advancement Programs

The Advancement Office oversees a range of activities at St Andrew's College, including Alumni Relations & Community Engagement Program and Philanthropy Programs. The Advancement Team's objective is to build and maintain an enduring community. Below are some of the programs that are run by the Advancement Team. To learn more, reach out to them directly.

## Alumni

St Andrew's College fosters an inclusive and enduring community. Membership begins as a student and continues throughout your lifetime as a member of the alumni community, resulting in mutually respectful and beneficial relationships. Alumni connections are vital in advancing the College's community, and allow Androvians to remain engaged, connected, and supported for life. The Advancement Office works closely with the St Andrew's College Alumni Society (SACAS) and Young Alumni Committee (YAC) to coordinate a range of events, programs and activities for alumni.

## Community Events

The Advancement Team organises over 40 events annually for alumni, parents, grandparents, donors and friends of the community. Events include the SACAS Annual Dinner and Golf Day, Regional and International Reunions, Young Alumni Networking Breakfasts, Women's Leadership and Mentoring Dinners, Grandparents High Tea, and finals events for Rawson and Rosebowl.

## Professional Development Program (PDP)

In collaboration with the Education Department, several PDP sessions are held each semester, during which alumni and parents are invited into the College to share their career journeys, advice and knowledge with current students. These sessions connect students to the Drew's network and provide invaluable advice on navigating their careers after university.

## Mentoring Program

Launched in 2024, the SACAS Mentoring Program supports students in building industry knowledge, honing networking skills, and navigating career progression. The program connects students with the broader St Andrew's community. In 2026, students will be able to participate in one of two program sessions run in March through to June and August to October.

## Philanthropy Program

St Andrew's College has a long and proud history of philanthropy and benefits greatly from the generosity of its community.

In 2025, the Andrew's community came together to raise just over \$1.7 million in new gifts and pledges, supporting the Junior Common Room Upgrade and our Scholarship Program. Past philanthropic support has also enabled significant projects such as the Thyne Reid Link Building and the Main Building Bedroom Renovations.

In 2026, the College is planning to renovate the Main Library, ensuring this important space is carefully preserved while being fit for the needs of today's students. Growing our scholarship funds also remains a key priority, so that talented students can continue to access the transformative experience of living and studying at St Andrew's College while attending university in Sydney.

It is the ongoing support of the St Andrew's College community that makes these initiatives possible. Throughout the year, the Advancement Team plans a number of events to celebrate and acknowledge those who contribute so generously to the College's philanthropy program.

## The Archives

Lining the hallway of the Main Building, you will find photographs of Alumni dating back over 130 years; these are copies of images that form but one small part of the College's Archives, along with copies of the College Magazine, Council and Foundation minutes and student records.

The College Archives, located in the Jill Dougan Archive Centre, is a dynamic collection that is added to each year by a number of means, including active collection by the Archivist, students and staff, donations and discoveries. The Archives are a central part of the historic fabric of the College, ensuring that our tradition and past remain preserved. Each year, a student is employed as an Archives Assistant one day a week to work alongside our Archivist. The Archivist works to manage the Archives collection as well as share its stories, and is part of the Advancement Office.

If you are interested in any of these programs, please reach out to the Advancement Office by contacting the Director of Advancement, Hannah Atwell via: [advancement@standrewscoellge.edu.au](mailto:advancement@standrewscoellge.edu.au) / 02 9565 7303 / 0434 728 720

# Rooms & Access Keys

St Andrew's College contains various types of modern student accommodation. All residential students of St Andrew's College have their own room.

Students can occupy their rooms from the start of the academic year through to the end of the academic year (they are not required to move out during the winter break).

Rooms are allocated on the basis of 'room points': the more points a student acquires over the course of an academic year (by contributing to College and achieving high university marks), the better their room.

## Room Allocation

Allocation of bedrooms is the responsibility of the Principal, who may elect to delegate such responsibility for allocation of some or all of these rooms to the Students' Club Honorary Secretary. In accordance with this delegation, the Students' Club Room Draw is to be confirmed with the Principal for confirmation by 1 February 2026.

Once the Room Draw is finalised, room changes are not permitted without the Principal's authority and will incur a \$300 service fee to both parties involved.

## Room Draw

The Students' Club encourages and values involvement and contribution to all aspects of college life. Over the year, students can earn and accumulate room points by getting involved in volunteering, sport, music, art, and other specified activities. At the end of the year, student will accumulate a 'Room Point Score', which will then be used by the Honorary Secretary for the following year, who will allocate students a room for next year that aligns with their preferences. The more points students earn over the year, the better/bigger room is allocated to the student, and the more likely students are to receive their room first preference. Getting involved pays off.

## Housekeeping

Housekeeping provides residents with a weekly cleaning service during the semester. Fresh bed linen is supplied every week in the rooms; however, blankets and towels are not supplied. It is the student's responsibility to make their own bed and students are expected to keep their rooms in a tidy and hygienic condition to allow Housekeeping access and the mutual respect of the community.

Residents will be charged for any damage to their room or common areas. Pin boards are provided in rooms for personal use. Nothing is to be taped, glued or tacked to the walls, doors or furniture as this causes damage. No repair work, painting or any similar activity is to be undertaken by the occupant.

Window limiters and door closures are a legal requirement for each room and must not be removed. A fine will be applied for damages or removal of these fixtures; see Fines on page 49 for more details.

Friends are welcome to visit (unless specifically excluded), and no one has the right to enter a student's room without permission, except College staff for the purposes of cleaning, inspection or maintenance. For your own safety, doors and accessible windows should be kept locked at all times when not occupying the room.

**College insurance does not cover the loss of personal items.**

## Access Keys

Salto is the College access control system that uses a mobile app as your key to access the College and your room. Before you arrive, you will receive an invitation to the JustIN mobile app, sent to the mobile number you provided to the College.

Your digital key is valid for 7 days and must be refreshed regularly. To refresh it, simply swipe down on the app screen. Please refer to the key user guide for more information.

If you notice your door lock is flashing red, please log a maintenance request ASAP, as your battery is most likely flat or almost running out. Once it stops working, you will not be able to re-enter, and you will need to ask staff (Nighthawk or Facilities) to conduct an 'emergency open' procedure. You need to keep your room locked at all times for security. Housekeeping are instructed to lock your door after they finish their weekly cleaning. It is important to keep your phone charged and with you at all times. We keep a register of people locking themselves out, and repeat offenders will get fined by the Students' Club.

## Furniture

All rooms are equipped at the commencement of the year with a bed, mattress, desk, desk chair, and tidy bin. These items are the personal responsibility of the student allocated that room. All lost or misplaced furniture is chargeable. A room check is made at the beginning, mid-semester and end of the academic year. All College furniture originally supplied must be in place on departure. Any College furniture removed or replaced by students' personal items must be re-instated to the room upon departure, or a charge will apply.

Students are expected to provide their own personal needs and comforts such as desk lights, shaving or make-up mirrors, blower heaters, fridges, etc. Bar heaters are strictly prohibited and will be confiscated by staff.

Fridges must be installed on a protective surface.

Any electrical appliances brought in by students must be submitted to the College Maintenance workshop for an electrical safety compliance check. Only power boards which comply with minimum standards are permitted.

All furniture, appliances and personal effects brought into College must be removed at the time of departure or a removal fee will apply. In addition, a charge will apply to any room left in an unacceptable condition. Please refer to the Fines on page 49. Room Inspections will take place before student arrival, mid-year and at the time of leaving a room.

## Room Inventory & Room Check

You will receive an email with the portal log in details to assist in completing the online room inventory check within 2 weeks of arriving at College. This is to ensure you are not incorrectly charged upon your departure.

If there are any damages to your room when moving in, it is recommended that you take a photograph and report it immediately, otherwise you will be liable to pay cleaning and/or damage fees at the end of the year.

Upon your departure, a room check will be held to verify that all items are in the room and in the same condition as found.

Before departing College, ensure your room is cleared of all rubbish, personal belongings, and securely locked. You will be held responsible for any missing items or damages reported if your room is left unlocked. A cleaning and removal fee will apply if any rubbish or belongings are left in your room. Additionally, rubbish or belongings left in the corridor will result in a cleaning fee being charged to the entire corridor.

Room check charges are listed under Fines on page 49.

## Insurance

Students are strongly advised to seek insurance cover for their private possessions as the College accepts no responsibility whatsoever for students' possessions lost, damaged or stolen at any time and in any part of the College or in activities associated with the College. Personal effects insurances tailored for University students are available on the insurance market.

Please ensure that the door to your room is closed and locked whenever you are not present in the room.

## Noise Curfew

Residents are entitled to quiet enjoyment in the evenings to allow sleeping and quiet study. Consideration for your neighbours is a standard expectation of collegiate accommodation. For this reason, a noise curfew commences between 11pm and 7am daily, except on Friday and Saturday nights when it commences at midnight.

Examination time sees the noise curfew change to 9pm through to 7am to allow residents to study in peace. The Nighthawk regularly patrols buildings to remind students to be respectful of others, and will report any breaches to the Vice-Principal for disciplinary action.

# Common Rooms & Areas

The Dining Hall, Chapel, Junior Common Room, Main Library, Law Library, Spann Library, and The Kenyon Common Room are available for common use and occasional bookings by request. Music Rehearsal Rooms are also available.

## Common Area Cleanliness

Common areas are also provided throughout the College for shared use. The cleanliness of these areas is the collective responsibility of the residents, and food and other materials must not be left lying around, as this attracts unwelcome attention from rodents and pests.

## Tutorial and Study Rooms

There are Tutorial and Study Rooms available for the use of all students in College. The Main Library, Davidson Law Library, Spann Library, Carol Raffan Room, and the David Kenyon Common Room & Tutorial rooms are available for study and tutorials, as well as meeting spaces. The Chapel is available for quiet reflection and the practice of music. There are pianos available for your use in the Chapel, Erickson Room, Gillespie Hall and an acoustically secure music rehearsal room. Please treat these rooms and facilities with respect and leave them in a tidy state. No smoking, no eating and no drinking rules apply in all these rooms.

The use of all rooms is subject to availability. Booking requests can be submitted to the Conferences & Events Officer in the Events Office.

## Hallways

Hallways must be kept clear at all times. This is a legal requirement as they are the evacuation route during an emergency. Students are expected to keep all personal items inside their bedrooms, including posters, shoes, drying racks and couches. Fines will apply for any breach of safety and the items will be collected and disposed of. For more information about Safety, please refer to the Security and Safety page 42.

# Facilities

Tennis court lights are to be turned off after use. Please report any unauthorised usage to College staff.

The playing of golf, archery or target shooting anywhere on Campus is prohibited for Workplace Health & Safety reasons. Any person who plays or practices any of the above activities will be liable to a \$300 fine and/or suspension, unless prior written approval has been given by the Principal.

Limited exceptions may apply during the Intercollegiate Athletics preparation period only under strict supervision, and subject to appropriate safety restrictions.

Booking enquiries for the Oval and Tennis Courts are to be directed to the Conferences & Events Team in the Events Office.

## Mail and Redirection of Mail

Student mail will be placed in the pigeonholes in the Carol Raffan Room. Outgoing mail is the responsibility of the individual. As a matter of policy, the College will not redirect mail. Mail is a personal responsibility, and arrangements should be made to have mail redirected as appropriate.

College will retain mail during vacation by placing it in the mailboxes, but on 31 December of each year, the mailboxes will be cleared of all mail and returned to the sender.

## Internet & Wi-Fi Registration

All Offices, Residences, Flats, Student Rooms and Suites are fitted for connection to College internet services via Wi-Fi network. The student network has individually allocated ports in each bedroom. Students will be required to guarantee that their computers have suitable virus protection before being permitted to use the network.

See the Internet User guide for additional information.

Please log a ticket if you have any network or computer access issues.

## Assetwhere / Maintenance Requests

Assetwhere is a web-based program that lets you submit maintenance requests directly to our Works Department. These maintenance requests can include any missing furniture items, non-working door locks, non-working bathroom fans, or anything you notice in the common areas around the College that requires repair. You will also receive your Assetwhere account details via email. There are also QR signs around the College. Please submit your request via the Assetwhere portal or scan the QR code. If you have any issues logging a ticket, please contact the Facilities Officer [facilities@standrewscollege.edu.au](mailto:facilities@standrewscollege.edu.au).

# Parking

Residential parking is limited and the College does not guarantee parking for any resident.

There are two College Car Parks which are allocated to residents' vehicles only: Senior Carpark on Missenden Road and Fresher Carpark on Western Avenue.

Applications should in the first instance be directed to the Honorary Assistant Treasurer (HAT). If successful, please contact the Facilities Officer in the Operations Office for registration.

The 2026 fee for parking is \$300 per semester. The College grounds are a Restricted Area as defined in the Traffic Acts and failure to register or parking in the wrong place can lead to Sydney City Council parking fines. No parking or access is permitted on the Oval or on the Forecourt or its approaches, except in special circumstances. No vehicles are to be taken across the Oval without permission. **Any student allocated a car space must display the correct parking permit issued by the College. Any vehicle failing to display correctly is subject to privileges being revoked and/or a fine of \$150.**

Parking is prohibited (including temporary parking) in front of all gates and access ways which are reserved for emergency vehicular access.

**A \$150 fine will apply for each breach of traffic policy.**

Residents who park in unauthorised areas and display irresponsible use of a vehicle, such as speeding, dangerous/thoughtless driving, making excessive noise, driving on the Oval, etc., may have College parking privileges withdrawn and will be subject to daily parking fines.

## Access to vehicular gates

Only those registered for car parking can access the vehicular gates. Temporary access must be requested in all other circumstances. All other residents must use the pedestrian gates.

## Visitor Parking

There is an intercom at the Carillon Avenue Gate for visitor access during business hours. Visitors must register their vehicle details at Reception on arrival to avoid a fine for unauthorised parking.

# Security & Safety

## Perimeter Security

All perimeter gates at the College are operated for both entry and exit by access control devices. Resident access is via their unique digital key. See Access Keys on page 35.

Residents who invite guests onto College premises are responsible for their behaviour and will be held liable for any damages caused during their visit. If you have guests, please ensure that they alert you on or before arrival so that they can be met at the gate and always make sure you escort them off the premises when they leave.

## Building and Room Security

The simple message is **always lock your door** whenever you exit your room, even for a few minutes. The security of the College is the responsibility of everyone in it and although student doors are fitted with security locks and building doors are fitted with self-closing coded deadlocks and single-action emergency exit levers, **nothing is secure if doors are left open or self-closers are inhibited.**

To prevent illegal access students must, if only in their own interest, obey the security instructions which may be published from time to time.

## Safety

All students are expected to know what to do in the event of a fire or other emergencies in College. This information will be made available on arrival and all students must familiarise themselves with the emergency arrangements and evacuation procedures. A fire drill is scheduled at regular intervals throughout the year.

## Nighthawk

Nighthawk is our evening security service. Operating seven days a week from 5:00 pm through to 9:00 am the following morning. In addition, all weekend from Friday 5pm through to Monday 9am. Their office is located next to the Bailey Pedestrian Gate under the archway. Their contact number is 0434 602 994 or 9565 7333.

Nighthawk provides assistance to students during this time and can also assist if you are located out of your room.

## Emergency Procedures

Fire Wardens and Runners will be appointed at the beginning of each academic year and Evacuation instructions and plans will be displayed on each floor. All residents will receive an Emergency Procedures Manual.

**Corridors are the emergency escape routes and is a legal requirement to keep them clear at all times.** Everyone must assist the Fire Wardens by keeping corridors and common spaces clear.

Any student clothing, footwear or other belongings must be kept in the student's bedroom at all times. Anything found in the corridor will incur a fine, and item/s will be thrown out.

## College Closure

The College reserves the right to cease operations and close down to students in the event of extreme circumstances related to catastrophic events such as major fire, health risk, terrorism or the like.

## Electricity sub-boards College Buildings

WH&S regulations require that the electricity sub-boards be kept clear at all times. Any items found in these cupboards will be discarded without any further notice.

## Licensee

The College holds a Permanent University Liquor Licence. The College's licence is currently held by The Council of St Andrew's College. All events involving the service of alcohol are subject to the Licensee's approval.

## Out of Bounds Areas

All underfloor areas, roofs, towers, parapets and roof spaces are potentially dangerous and are, consequently, strictly out of bounds. Students may not under any circumstances use these areas. Trespassers may be fined a significant amount or suspended because trespassing constitutes a breach of the NSW Occupational Health and Safety Act 2000. The minimum fine for entry into Out of Bound areas is \$400 per person.

Students may only enter the Maintenance Workshop compound during operating hours (Monday to Thursday, 7:30 am – 4:00 pm and Friday, 7:30 am – 2:00 pm), and only at the invitation of a staff member.

## Unauthorised Activities

Neither the College Council, officers, agents, employees nor its insurers take any responsibility for death, personal injury, economic loss or damage of any nature which occurs as a result of, or in connection with, any unauthorised activity. Persons involved in such activities are liable to fines or suspension. An unauthorised activity is any activity not authorised by the Principal.

This means that any person or groups of persons arranging, contributing or taking part in any such activity will be personally responsible and, therefore, individually liable for any actions for damage, injury or death either directly or indirectly caused by or in the course of such activity, without the benefit of insurance.

Individual students are responsible to ensure that they are fully informed of the potential consequences of any unauthorised activity before consenting to participate.

# *Alumni Community*

## Enduring Community and Lifelong Relationships

St Andrew's College is an inclusive and diverse community; membership begins here as a student and continues thereafter, leading to life-long mutually respectful and beneficial relationships as alumni. The College values its connection with our alumni and how these relationships advance our enduring community, connecting, engaging and cultivating Androvians for life.

Our College has over 6,000 alumni living throughout Australia and around the world. Through the many events and activities, the Advancement Office facilitates, St Andrew's College aims to engage and form enduring relationships with each member of our community, something that is at the core of our overall vision and mission.

There are many ways for alumni to be involved with the College, whether it be attending events, reading our regular publications and e-news, volunteering to be part of Androvation, mentoring our current students, or even taking on a leadership role with the Alumni Society, Council or Foundation Board of Management.

If you would like to get involved, please contact the Director of Advancement.

## Alumni Society
